The Norman Adrian Wiggins School of Law is a member of the National Association for Law Placement. Our Career Services program and Law School are committed to a policy of equal opportunity in employment and education and do not discriminate on the basis of age, sex, race, color, religion, physical handicaps, or national origin. The facilities and services of the Career Services Office and Law School are available only to those employers who are in agreement with the above policy.
Our Career Services Office continues to serve both our students and their prospective employers at a very high level. We invite our students and graduates, as well as their prospective employers, to call on our Career Services staff members whenever they may be of assistance.

Lawyers, judges, and clients continue to tell me good things about our graduates. The preparation they receive here for the legal profession has them ready to go to work immediately upon graduating and passing the bar. Law offices, courtrooms, government agencies, banks, and other employers benefit from our students' excellent training.

For the past three years our student team in the International Commercial Arbitration Moot Competition in Vienna, Austria, has received honors. In the summer of 2004 we sent students to a cooperative program at Handong University in South Korea. We are striving to prepare our graduates for professional lives in a global economy.

With these things in mind, we enthusiastically present to you our students who will be seeking clerkships, associate positions, and summer internships. If our past success is any indication, you would do well to fill your current and future needs from among these budding lawyers. If those of us here can assist you in the process, please let us know.

We appreciate your interest and consideration.

Elaine Marshall  
North Carolina Secretary of State

"I was the virtual poster child of a 'non-traditional student' back in the late 1970s when I decided my life needed renewal. I was a woman in my 30s who had gone to an out-of-state college and who had none of the family or business connections that could help me get into law school here in North Carolina. Or so I feared.

"Then I was accepted to go to the Campbell University School of Law. Campbell was a real lifesaver for me. Law school truly turned my professional life around for the better. I know I would not be North Carolina Secretary of State today without the wonderful experience, and the law degree, I received from Campbell."

"I was able to go into the courtroom and litigate a case the day I left law school and be comfortable in that environment. Campbell provided me the chance of a lifetime."

"What attracted me to Campbell was the faculty's commitment to providing a quality education, its state-of-the-art trial advocacy program, the lack of a hyper-competitive atmosphere among students, and the opportunity to be a part of a new and developing law school. Looking back, I know that I made a wise decision. Campbell provided a first-rate legal education that allowed me to hit the ground running. The legal instruction the law school provides gives students the proper foundation to achieve a successful and rewarding professional career."
